

Environmental Policy

Jost International is a manufacturer of Fifth Wheels for the heavy duty truck industry.

Jost recognizes that a commitment to the conservation of natural resources is mandatory for a global citizen. As a world-class organization, Jost understands that the protection of the environment, thru pollution prevention, is paramount to the health of our planet. Jost will dutifully conduct operations consistent with a philosophy of continual improvement by reducing waste, minimizing the use of energy, and accomplishing other environmental goals based upon Jost's significant environmental aspects, while complying with all applicable legal requirements.
